

ProLite E1900WS-B1 | 19"

The ProLite E1900WS is the first iiyama widescreen monitor. An extremely nimble 5-ms response time also makes it ideal for games and videos. Superb picture quality is complimented by crisp contrast (700:1) and powerful brightness(300cd/m2). The ProLite E1900WS-1 has one D-Sub signal input and is available in black.

Technical data		
LCD Panel	Panel	TN

Megapixel describes the size of your desktop and therefore the amount of information your display can show. A lcd with a physical resolution of 9.2 mega pixels (3840 x 2400) can show 6 times more information than a display with 1.3 mega pixels (1280 x 1024). That means your desktop is about 600 percent bigger.
